

ProDiagnose™ Remote Diagnosis System Press Release

Dhart Development announces new ProDiagnose™ Remote Diagnosis System for CoolToes™ practitioners. Now an expert can evaluate cosmetic nail issues from across the planet adding years of experience to the new practitioners toolbox.

Now as an optional part of the Clinical License Program and standard with the newly announced Spa License Program practitioners have the option of an expert looking over their shoulder (electronically) and offering diagnostic support, either from Dhart's Headquarters or from an expert within their own clinical network.

CoolToes™ addresses the cosmetic issues associated with common nail disorders such as thickened, crumbling, odorous, delaminated or detached nails.

The CoolToes™ ProDiagnose System comes as part of the Dhart Franchise Product. For more information write info@cooltoes.com, phone 1(800) 625-7010 or visit www.cooltoes.com
